

ENERGY STORAGE SYSTEM / ZELIOX NEO

MOBILE POWER. ANYWHERE. ANYTIME

Zeliox Neo brings structure to mobile energy supply: As a fully integrated solution, it combines battery, charger, inverter, and solar controller in one compact module – space-saving, easy to install, and safe to operate. Thanks to flexible charging options via solar, shore power, or alternator, your power supply remains secure at all times – whether on site, on the move, or far from any infrastructure.

ZELIOX NEO – MOBILE POWER. ANYWHERE. ANYTIME.

Anyone who wants to travel independently needs reliable power – anytime and anywhere. With the Zeliox Neo mobile all-in-one power supply, that's exactly what you get. Thanks to intelligent technology and flexible charging options, your power supply stays secure at all times – even without external connections.

Zeliox combines powerful performance, easy installation, smart monitoring, and high flexibility – perfect for anyone who wants to travel self-sufficiently, safely, and in comfort.

ADVANTAGES:

Mobile 48V All-in-One Power Supply

With integrated MPPT controller for solar charging

LiFePO₄ battery technology for maximum efficiency – the safest and most durable lithium technology on the market.

Enhanced operational safety – integrated insulation and leakage protection ensure safety, especially in mobile applications.

High energy density and performance – 2.4 kWh capacity with 4 kW continuous output (8 kW peak) for powerful devices.

Plug & Play power supply – integrated 230 V socket and DC-DC converter (12 V / 24 V) provide flexible and direct power for all types of electrical devices.

Ready for year-round use – an integrated heating film reliably protects the battery from cold and deep discharge, ensuring safe operation even in winter or at higher altitudes.

ADDITIONAL FEATURES:

Plug & Play Installation – Quick setup with secure connections and no complex wiring

Flexible charging options via mains power, solar, or vehicle alternator

Intelligent monitoring – The Zeliox App provides real-time battery status, power consumption, and system alerts conveniently on your smartphone

Smart display – 4.3" color screen with dual-display function keeps all system data clearly in view

Modular and compact – High performance in a slim design

Up to 5-year warranty*

PRODUCT NAME	ZELIOX NEO 4000
Power	4,000 W
Surge peak	8,000 W
Capacity	2.40 kWh
Battery capacity	50 Ah
Battery type	LiFePO ₄
Charging while driving	1:50 h
Charging via solar 300 W	1:50 h
Charging via shore power	1:07 h
Control unit	Touch Screen, Bedienfeld am Gerät & Steuerung per App
Connectivity	App-Integration (Bluetooth, 4G)
Weight	43.0 kg
Dimensions w x d x h	490 x 380 x 215 mm

* 5 years consist of statutory warranty plus additional warranty extension. Registration within 3 months required. Statutory warranty varies by country.
